VERBATIM WILL NOT BE LIABLE FOR DATA LOSS OR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES, HOWEVER CAUSED, FOR BREACH OF WARRANTIES OR OTHERWISE.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state or country to country.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Verbatim Australia Pty Ltd (ABN 39 005 706 374) ("Verbatim") provides the following warranty in relation to its goods ("Product").

The benefits of this warranty are in addition to any rights and remedies imposed by Australian State & Federal legislation that cannot be excluded. Nothing in this warranty is to be interpreted as excluding, restricting or modifying any State or Federal legislation applicable to the supply of goods and services which cannot be excluded, restricted or modified.

Verbatim warrants that, subject to the exclusions and limitations below, the Product will be free from defects in materials and workmanship for the period specified on the product packaging and/or the website from date of purchase.

If Products presented for repair are capable of retaining user-generated data, repair of these Products may result in loss of the data. You are responsible for the back-up of any data on any such Product prior to returning the Product under this warranty.

This warranty is valid for the original purchase only and is not transferrable to a subsequent customer if the Product is sold by the original customer during the warranty period.

The term of your warranty period shall commence from the purchase date appearing on your purchase receipt from an authorised distributor, reseller or retailer and extends only for the time set forth in the Product documentation. An unauthorised return, i.e. one for which an RMA number has not been issued, will be returned to you at your expense. Authorised returns are to be shipped prepaid and insured to our Head Office in qualified packaging.

Notice to Customer Relating to Repair of Goods

Verbatim Australia will not accept Products for repair unless we have provided the consumer with a Notice to Customer Relating to Repair of Goods that complies with regulations. As the notice relates to the repair of goods that store user-generated data, the repairer's Notice states that the repair of goods may result in loss of data. Since it is also our practice to supply refurbished Products as an alternative to repairing a consumer's defective Product, our notice specifies that the Product presented for repair may be replaced by a refurbished Product of the same type rather than being repaired. The Repairer's Notice will be issued at the same time that we issue an RMA number. This statement is also available on the Verbatim Australia website.
